ABSTIMMUNG

6. AMENDMENTS OF THE CODE OF CONDUCT

AMENDMENTS CODE OF CONDUCT

All participants are expected to behave in a respectful and professional manner – towards event staff, fellow participants, and partners. This expectation applies to all official and unofficial events of the European Forum Alpbach, including those taking place in digital spaces.

~~Professional and appropriate conduct are required at all times towards staff, event participants and contractors inside and outside the event's premisses as well as during regional meetings, roundtables or other events organized by the EFA.~~

Any form of sexist, racist, ableist, classist, homophobic, transphobic, queerphobic, religiously discriminatory, violent or otherwise misanthropic behaviour will not be tolerated.

~~We do not tolerate any form of sexual harassment or violence. Insulting actions or verbal statements regarding gender, age, sexual orientation, mental or physical abilities, skin colour, nationality, ethnicity, religion and social background have no place in our community.~~

AMENDMENTS CODE OF CONDUCT

The EFA ensures the presence of an Ombudsteam **during the annual main European Forum Alpbach event**, who supports and assists in cases of discrimination and breaches of the rules stated above. The Ombudsteam mediates disputes and assesses all reported cases.

~~The policy applies at all times.~~

The EFA encourages participants, scholarship holders, EFA partners and staff to report discriminatory or transgressive behaviour. **In case of concerns and/or questions, everybody is invited to contact the Ombudsteam.** ~~(The EFA team will consult with the ombudsperson team as needed to review cases and coordinate appropriate action.)~~ Every **report (perception)** is taken seriously and jointly reflected upon in order to enable an appropriate and fair assessment of the situation. The **European Forum Alpbach (EFA)** guarantees the protection of the identity of the reporting person and ensures that each report is treated with sensitivity and proportionality. **Reports can also be submitted anonymously.**

~~The EFA encourages participants, fellows, partners of the Forum and staff to report any suspicion of a violation of the above principles also during the year and to bring questions, suggestions and concerns to the attention of the EFA. When raising a concern, you should identify yourself to facilitate communication; however, you may remain anonymous. The EFA guarantees the protection of your identity from third parties.~~
