With Russia's war of aggression in Ukraine, Europe has changed overnight. We have woken up in a New Europe and the big challenges of our time have become even more urgent. This year's European Forum Alpbach, taking place from 21 August to 2 September 2022, is dedicated to this New Europe. Together we can bridge generations and disciplines as well as open up opportunities for more diverse opinions. Never before has there been such a sense of solidarity among the people of Europe as there is today in response to the war in Ukraine. And this very desire for a sense of community and peace was what inspired young people many decades ago to found the European Forum Alpbach and rebuild Europe after the Second World War.

Today this founding principle is more important than ever: It is essential that we work together to strengthen Europe and, in an intergenerational effort, rethink and reshape the future of our continent, our future. In order to meet the challenges of **The New Europe** the European Forum Alpbach 2022 is organised around the following four thematic tracks:

- The Climate Opportunity
- Securing Europe's Future in a Globalised World
- The Financing of Europe's Future
- The Future of Democracy and the Rule of Law in Europe

Europe needs us all! We invite you to think, talk and walk with us – and to work on Europe's future: from 21 August to 2 September 2022.
