Speakers

Version 1 (Instagram, LinkedIn, Facebook)

I am happy to announce that this year I will participate as a speaker at @European Forum Alpbach!

The #EuropeanForumAlpbach is an interdisciplinary platform that brings together key actors of European politics, economy, science, and culture with the next generation to discuss the most pressing challenges of our time. It provides a unique opportunity for dialogue and the exchange of ideas and solutions.

During the Austria in Europe Days, I will be sharing my visions, expertise and thoughts at the #EFA23.

I invite you to join me and work together to prepare our continent for future boldness at the #EFA23!
